

SRA SWAP CORE TEAM

January 7, 2009

9:30 am

AGENDA

1. Introductions

2. Team Operating Guidelines

*Secure date, time, location for ongoing meetings. Discuss guidelines for operating: respect, brevity, level of engagement.*

3. SWAP Timeline

*See Attached.*

4. Data Inventory Review

*See Attached.*

5. Goals and Objectives

*Goal: Create a scientifically robust assessment of the Sassafras Watershed which meets EPA criteria for funding and includes a list of prioritized projects with cost estimates and funding opportunities. Ultimate purpose of SWAP is to identify implementable projects that will restore the health of the river and remove the Sassafras from Maryland's 303 (d) list of impaired waters.*

6. Open Issues

*Subwatersheds or not*

*Data management – future host (spatial/alpha numeric)*

*Sub-committees or not*

*Bloomfield Committee*

7. SWAP Stakeholder Meeting

*January 27, 2009, 6:30 pm, Galena Fire Hall*

8. Next Steps

*Stream Corridor Permission Letter*

*Field Assessment*
