Re: Indian Acres Campground,

Dear Ms. Phillips,

In a letter dated December 2, 2009, I wrote to Ms. Garrity, Health Officer for the Cecil County Health Department with regards to a campground in the Sassafra Watershed called Indian Acres. You were copied on this letter, but I have attached another copy for your review. After a series of correspondences between myself and Ms. Garrity, I continue to disagree with the health department's position that Indian Acres is a campground. Furthermore, I continue to believe that Indian Acres is operating as a mobile home park and without the proper permit. As suggested by Ms. Garrity in her letter dated January 25, 2010, I am requesting that you review the Cecil County Health Department's position on the matter.

For reference I have attached copies of all correspondence between myself and Ms. Garrity. If I can clarify anything further, please do not hesitate to contact me. Thank you for your time.

Sincerely,

Kascie Herron
